Dear Sir/Cllr,

**RE : TEMPORARY ROAD CLOSURE – HICK STREET, LLANELLI**

A request has been received for the temporary closure of Hick Street, Llanelli from its junction with Clos Sant Paul for a total distance of 138 metres in a south-westerly direction.

The closure is necessary for Morgan Sindall Construction and Infrastructure Ltd to carry out works for the rainscape scheme from 0800 hours Monday 3rd September, 2018 for a period of 61 days.

The alternative route for south-west bound traffic will be to proceed in a south-easterly direction along Dillwyn Street to its junction with Emma Street. At the junction, turn right and continue in a south-westerly direction along Emma Street to its junction with Llewellyn Street. At the junction, turn right and continue in a north-westerly direction along Llewellyn Street to its junction with Delabeche Street. At the junction, turn left and continue in a south-westerly direction along Delabeche Street to its junction with Marsh Street. At the junction, turn right and continue in a north-westerly direction to return to a point south-west of the closure. Vice Versa for north-east bound traffic.
I enclose a plan (N.T.S.) illustrating the length of road to be closed and alternative route and would be grateful to receive any views you have on the matter.

Yours faithfully,

Andrew Morgan, MCIHT, MSoRSA,
HA RSA Cert Comp,
Traffic Engineer

Did you know that as a Service we have already saved £9 million - nearly 20% of our budget since 2006?

We have achieved this by changing the way some of your stations are crewed and by refining some of our business processes. To date we have been able to make savings without negatively impacting on the services we deliver.

However, there is no avoiding the fact that the financial climate we are currently operating within, will continue to place additional pressures on the levels of service we provide as we stretch our resources even further. We will therefore continue to play our part in future budget reductions, by having an ongoing, open discussion with staff and the public about the services we provide and how we can continue to make improvements and future savings, by developing innovative solutions to ensure the
