AGENDA ITEM 5

TO: ALL MEMBERS OF LLANELLI TOWN COUNCIL

MEETING – 4TH SEPTEMBER 2024

COMMUNITY DEVELOPMENT ACTIVITIES OFFICER'S REPORT

The Town Council has a legal duty under the Well-being of Future Generations Act 2015 to ensure it takes consideration of the Act in all its activities and services. The Town Council Community Development Service supports the delivery of the objectives set out within both the Act and the Carmarthenshire Well-being strategy through its work in Llanelli with Community Organisations and key partners.

Funding / emails / network information – Officers, when necessary, sends out network information / funding information to Members via email.

(1) Community & School Activities

- **Crown Park Wellbeing Walk** – The third wellbeing walk (celebrating the Town Council 50th birthday) in partnership with the Llanelli Community Partnership, Local Health Board and Llanelli Green Network took place on the 14th August. It highlighted the green space areas, rare bumble bees and biodiversity areas of Crown Park. 39 people attended the walk and community picnic. The walk and talk gave an opportunity to talk about issues and general giving time to reflect and to create friendships along the way. The group learnt about biodiversity and tree projects at Crown Park. The National Bumble Bee Trust joined the group and supported activities of netting and identifying bumble bees. The Trust were impressed with the amount of red clover maintaining a stronghold where the pitches are cut short frequently as it attracts several bumblebee species, particularly the carders. Knapweed was noted to be in the park a particular bee favourite and was where most of the bumblebees were found on day. Ragwort is abundant and a great source of forage for bees while lots of plants start to go to seed. Maintaining long grass areas such as along banks and under the trees is an excellent habitat for bumblebees to make their nests.

On the day we saw several species including Common carder (*Bombus pascuorum*), Buff-tailed/White tailed (*Bombus terrestris/lucorum*), Red-tailed (*Bombus lapidarius*), Early (*Bombus pratorum*). The rare, Brown-banded carder (*Bombus humilis*) was found due to the proximity to one of the project sites (North Dock Dunes) and being adjacent to the

Lliedi planters where there have been records and a nest found. This lends Crown Park to becoming a vital part of the foraging network for Carmarthenshire bumblebees. Seaside Social Club kindly opened to allow for well earned refreshments. A 5th walk and planting project is planned for September, again at Crown Park.

- **Summer / Autumn update** – Daily summer holiday community activities sessions utilising town council facilities and green spaces continue to be published on social media as we now shift from Summer to Autumn. It continues to allow children to keep active throughout the summer holidays and into the Autumn. Sessions have included local bowls, tennis sessions as well as paddling pool sessions throughout the holidays. Further Autumn and Winter sessions are now being planned. Several activities have been supported.

The launch was supported by the Llanelli Queer Collective, Tyisha Family Fun Day, The V-J Commemoration and Transforming Tyisha summer event.

Infrastructure paths, benches and planting around the Delta Lake has recently taken place with bins being placed on the paths in the coming months.
