AGENDA ITEM 3

Llanelli Town Council

Planning, Licensing and Consultation Committee

Planning application – Basis for objection

Below is a list of Specific Carmarthenshire County Council Planning Policies under the current Local Development Plan. Planning applications will be permitted where they accord with the policies. These are often quoted as a basis for planning application objections. If members wish to raise an objection to a planning application you should note which of the policies the proposal is not in accordance with:

Concern – Proposed development is ‘too big’

Policy GP1 - Sustainability and High Quality Design

- GP1 a.** It conforms with and enhances the character and appearance of the site, building or area in terms of siting, appearance, scale, height, massing, elevation treatment, and detailing;
- GP1 b.** It incorporates existing landscape or other features, takes account of site contours and changes in levels and prominent skylines or ridges;
- GP1 d.** It would not have a significant impact on the amenity of adjacent land uses, properties, residents or the community;

Policy GP6 Extensions

- GP6 a.** The scale of the proposed extension is subordinate and compatible to the size, type and character of the existing development and does not result in over development of the site, nor lead to reduced and inadequate areas of parking, utility, vehicle turning, amenity or garden space;

Concern – Homes of Multiple Occupancy

Policy GP1 - Sustainability and High Quality Design

- GP1 d.** It would not have a significant impact on the amenity of adjacent land uses, properties, residents or the community;

Policy H3 Conversion or Subdivision of Existing Dwellings - Proposals for the conversion or sub-division of appropriate dwellings into flats or dwellings of multiple occupation, will be permitted provided that:

- H3 a.** It would not result in an over-intensification of use;
- H3 b.** Suitable parking provision is available, or made available;
- H3 c.** The architectural quality, character and appearance of the building is, where applicable, safeguarded and its setting not unacceptably harmed.

Concern – Noise

Policy GP1 - Sustainability and High Quality Design

- GP1 d.** It would not have a significant impact on the amenity of adjacent land uses, properties, residents or the community;

Policy EP2 Pollution

- EP2 c.** Ensure that light and noise pollution are where appropriate minimised

Concern – Not in keeping with other properties / local area

Policy GP1 - Sustainability and High Quality Design

- GP1 a.** It conforms with and enhances the character and appearance of the site, building or area in terms of siting, appearance, scale, height, massing, elevation treatment, and detailing;
- GP1 c.** Utilises materials appropriate to the area within which it is located;
- GP1 f.** It retains, and where appropriate incorporates important local features (including buildings, amenity areas, spaces, trees, woodlands and hedgerows) and ensures the use of good quality hard and soft landscaping and embraces opportunities to enhance biodiversity and ecological connectivity;
- GP1 i.** It protects and enhances the landscape, townscape, historic and cultural heritage of the County and there are no adverse effects on the setting or integrity of the historic environment;

Policy GP6 Extensions

- GP6 b.** The external appearance of the proposed extension in terms of design is subordinate, and the materials should complement that of the existing development;
- GP6 c.** There are no adverse effects on the natural environment, landscape/townscape or the setting and integrity of the historic environment;

Policy H4 Replacement Dwellings

- H4 c.** The design and materials of the replacement dwelling are appropriate to the character and appearance of the area;
- H4 f.** There are no adverse effects on nature conservation interests, the setting or integrity of the historic environment and the landscape/ townscape;

Concern – Highway and Traffic

Policy GP1 - Sustainability and High Quality Design

- GP1 d.** It would not have a significant impact on the amenity of adjacent land uses, properties, residents or the community;
- GP1 h.** An appropriate access exists or can be provided which does not give rise to any parking or highway safety concerns on the site or within the locality;
- GP1 l.** It has regard for the safe, effective and efficient use of the transportation network;
- GP1 m.** It provides an integrated network which promotes the interests of pedestrians, cyclists and public transport which ensures ease of access for all;

Policy GP6 Extensions

- GP6 a.** The scale of the proposed extension is subordinate and compatible to the size, type and character of the existing development and does not result in over development of the site, nor lead to reduced and inadequate areas of parking, utility, vehicle turning, amenity or garden space;

Policy H4 Replacement Dwellings

- H4 e.** There are no adverse effects on access, parking or utility services, or on local amenity;

Concern – Blocks light of adjacent properties

Policy GP1 - Sustainability and High Quality Design

- GP1 d.** It would not have a significant impact on the amenity of adjacent land uses, properties, residents or the community;

Policy GP6 Extensions

- GP6 d.** The local environment and the amenities of neighbouring developments are not adversely affected by the proposed extension;

Concern – Possible Criminal Activity

Policy GP1 - Sustainability and High Quality Design

- GP1 d.** It would not have a significant impact on the amenity of adjacent land uses, properties, residents or the community;
- GP1 g.** It achieves and creates attractive, safe places and public spaces, which ensures security through the ‘designing-out-crime’ principles of Secured by Design (including providing natural surveillance, visibility, well lit environments and areas of public movement);

Concern – Water or other types of pollution

Policy GP1 - Sustainability and High Quality Design

- GP1 j.** It ensures or provides for, the satisfactory generation, treatment and disposal of both surface and foul water;
- GP1 k.** It has regard to the generation, treatment and disposal of waste.

Policy GP6 Extensions

- GP6 d.** The local environment and the amenities of neighbouring developments are not adversely affected by the proposed extension;

Policy EP1 Water Quality And Resources

Proposals for development will be permitted where they do not lead to a deterioration of either the water environment and/or the quality of controlled waters. Proposals will, where appropriate, be expected to contribute towards improvements to water quality.

Watercourses will be safeguarded through biodiversity/ecological buffer zones/corridors to protect aspects such as riparian habitats and species; water quality and provide for flood plain capacity. Proposals will be permitted where they do not have an adverse impact on the nature conservation, fisheries, public access or water related recreation use of the rivers in the County.

Proposals will wherever possible be required to make efficient use of water resources.

Policy EP2 Pollution - Proposals for development should wherever possible seek to minimise the impacts of pollution. New developments will be required to demonstrate that they:

- EP2 a.** Do not conflict with National Air Quality Strategy objectives, or adversely affect to a significant extent, designated Air Quality Management Areas (permitted developments may be conditioned to abide by best practice);
- EP2 b.** Do not cause a deterioration in water quality;
- EP2 c.** Ensure that light and noise pollution are where appropriate minimised;
- EP2 d.** Ensure that risks arising from contaminated land are addressed through an appropriate land investigation and assessment of risk and land remediation to ensure its suitability for the proposed use.

Policy EP3 Sustainable Drainage – Proposals for development will be required to demonstrate that the impact of surface water drainage, including the effectiveness of incorporating Sustainable Drainage Systems (SUDS), has been fully investigated.

Subject: Wales Regional Energy Strategic Plans (RESP) / Cynlluniau Strategol Ynni Rhanbarthol Cymru

Dear Council,

Here are the latest details and weblinks regarding the NESO (National Energy System Operator) and RESP (Regional Energy Strategic Plans) consultation methodology. One Voice Wales has already established communication and engagement with the Wales RESP Team (Huw Lewis, Strategic Lead for Wales).

It is imperative that your Council engages in this wider consultation process.

NESO Strategic Energy Planning Functions

NESO (National Energy System Operator) is delivering an overarching strategic energy plan for Great Britain. There are three parts to the overarching plan and here is a high-level summary of each plan to help differentiate between them:

- **Strategic Spatial Energy Plan (SSEP)** - a GB-wide plan that maps potential locations, quantities and types of electricity and hydrogen generation as well as storage infrastructure. The SSEP will provide an indication of the optimised technology mix and technology capacity for Wales.
- **Centralised Strategic Network Plan (CSNP)** – a plan for the transmission network, to connect the generation and storage the SSEP has identified. This includes onshore and offshore electricity transmission, onshore gas transmission and hydrogen infrastructure.
- **Regional Energy Strategic Plans (RESPs)** - the objective of RESP is to support coordinated development of the distribution system (the networks in Wales owned by WWU, NGED & SPEN). RESPs will help to ensure local areas get the energy infrastructure they need to meet their goals for economic growth and decarbonisation.

RESP Methodology Consultation

NESO have developed a proposed methodology for developing RESPs, setting out how the plans will be produced. The methodology was published for consultation on 17 November 2025. Further information and links to launch webinars are attached.

Future Collaboration

- Our next Wales RESP Forum is 10th February 2026. At the forum we will provide updates on RESP activities and SSEP. The joining link will be available [here](#) in due course. Please do encourage your members to attend.
- As regards the Governance structure for RESP, please see attached slide for reference.

Dear Sir/Madam

A request has been received for the introduction of a Prohibition of Waiting at any time at the above location as illustrated on the attached scale plan.

Concerns have been raised regarding access issues due to parked vehicles obstructing visibility at the junction. The location falls within a 20mph speed limit which has limited off street parking available . There are also footways and street lighting present.

I would be grateful to receive any views that you may have on the matter by Tuesday 9th December 2025.

Dear Sir/Madam/Councillor

I would advise you that a request has been received for the provision of prohibition of waiting at any time to replace the existing No Waiting Mon – Fri 8 am – 6 pm as illustrated on the attached plan.

The placing of these restrictions will aid accessibility to the rear lane as it is currently being obstructed by parked vehicles.

The location falls into a 20 mph speed limit and has a system of highway lighting. I would be grateful to receive any views you may have on the matter by Friday, 5th December 2025. Should I not hear from you by this date I will assume that you have no objections to the proposals.

Eich Cyfle Chi i Ddweud Eich Dweud

Annwyl Gydweithiwr,

Fel Comisiynydd Heddlu a Throseddu ardal Dyfed-Powys, mae'n bwysig fy mod i'n gallu cynrychioli ein cymunedau wrth wneud penderfyniadau mewn cysylltiad â gwasanaethau plismona lleol. Er mwyn gwneud hyn yn effeithiol, mae angen i mi glywed gennych chi, ynghylch amrywiol faterion plismona ac fel aelodau ymroddgar o'n cymuned, mae eich mewnwelediadau'n amhriiadwy i mi.

Rydw i felly wedi lansio ymgynghoriad cyhoeddus, a fydd yn gofyn i breswylwyr ystyried eu cyfraniad tuag at blismona lleol yn Nyfed-Powys.

Mae'r arolwg nawr ar agor a bydd yn cau ar **5 Ionawr 2026**. Byddwn yn ddiolchgar dros ben am eich amser yn cwblhau'r arolwg hwn. Gallwch gael mynediad at yr arolwg drwy glicio ar y dolenni isod:

<https://forms.office.com/e/XX2deDpL24?origin=lprLink>

Byddwn hefyd yn gwerthfawrogi'n fawr os byddech yn rhannu'r arolwg hwn, er mwyn sicrhau fy mod yn clywed gan gymaint o bobl â phosibl ynghylch y penderfyniadau plismona pwysig hyn.

Diolch i chi am eich amser a'ch ymroddiad, rydym yn gwerthfawrogi eich amser a'ch ymdrech wrth ein helpu ni i wella ein cymuned.
Diolch i chi ymlaen llaw.

Your Opportunity to Have Your Say

Dear Colleague,

As Police and Crime Commissioner for the Dyfed-Powys area, it is important that I am able to represent our communities in making decisions linked to local policing services. In order to do this effectively, I need to hear from you on various policing matters and as dedicated members of our community, your insights are invaluable to me.

I have therefore launched a public consultation, which will ask residents to consider their contribution towards local policing in Dyfed-Powys.

The survey is now open and closes on **5 January 2026**. I would be very grateful for your time in completing this survey. You can access the survey by clicking on the below link:

<https://forms.office.com/e/XX2deDpL24?origin=lprLink>

I would also greatly appreciate it if you could please share this survey, to ensure that I hear from as many people as possible on these important policing decisions.

Thank you for your time and dedication, we appreciate your time and effort in helping us improve our community.

Thank you in advance.

Yours sincerely

Proposed Revocation of existing Limited waiting bay Mon – Sat 8 am – 6 pm 1 hour no return to Residents Permit Holder Bay Mon – Sat 8 am – 6 pm Andrew Street Llanelli

Dear Syr/Madam/Councillors

I would advise you that a request has been received for the placing of the revocation of the above mentioned bay and as illustrated on the attached scale plan.

The placing of these restrictions will alleviate inconsiderate parking and increase the allocation of Residents parking which is consistent at the location.

The location falls into a 20 mph speed limit and has a system of highway lighting, with footpaths present. I would be grateful to receive any views you may have on the matter by 19th December 2025. Should I not hear from you by this date I will assume that you have no objections to the proposals.
